- » involvement of CWA and the telecom industry

What NACTEL Graduates are saying:

"Online learning gave me the flexibility to study when my workload and family life allowed. The incredible flexibility of the NACTEL/PACE program definitely contributed to my success. My degree gives me a personal sense of satisfaction and assists me professionally."

Julie Nietz
Central Office Technician
Qwest
CWA Local 7019
BS in Telecommunications
Graduated Summa cum Laude

"NACTEL's program will help you compete and maintain your professional edge. The online format was a gift. Without NACTEL I would have been forced to move or give up my goal of earning a degree."

Eduardo Garza
AT&T
Systems Tech
CWA 6143
BS in Telecommunications
Graduated with Distinction

"I simply couldn't attend a traditional program. Thankfully, I took a chance on NACTEL. Otherwise, I would never have a telecommunications degree. Not only did I receive an excellent education, I also gained an overwhelming sense of accomplishment and was able to make new friends along the way."

Carlos Martin
Testing Technician (DSL)
AT&T
CWA Local 9412
BS in Telecommunications
Graduated Summa Cum Laude
